

Declaration & Certification of Finances for I-20 / DS-2019 Application FOR INTERNATIONAL APPLICANTS ONLY

PROOF OF FUNDING REQUIREMENTS

In order for the Certificate of Visa Eligibility (Form I-20 or DS-2019) to be issued, it is necessary to submit complete and accurate information regarding your sources of financial support. The University of Illinois at Urbana-Champaign requires this information in compliance with regulations set forth by the U.S. Citizenship and Immigration Services (USCIS) for all students planning to enter the United States under its auspices. All documents must be in English or accompanied with an official English translation. All documents must be uploaded into the "Upload Credentials Here" section of the online application. The following documentation should be uploaded directly to the online application:

If the student will provide funding from personal funds, a bank statement with sufficient funding for at least one year's total cost is required.

If a family or other personal sponsor will provide funding, a bank statement with sufficient funding for at least one year's total cost is required, along with this form verifying sponsorship. Your sponsor may provide a signed letter of sponsorship in lieu of this form detailing amounts and length of sponsorship.

If an employer, government, or organization will provide funding, a signed letter of sponsorship detailing amounts and length of sponsorship is required. This form can accompany the letter of sponsorship, but not replace it. Authorization for billing must also be submitted if your sponsor requests to be billed directly by the University.

Bank Statement Requirements: You must obtain a bank statement or letter (web printouts are acceptable for online banking) showing the bank's letterhead/logo, bank stamp/bank signature, and the account holder's name must match the name of your sponsor. The statement must show sufficient funding for one year's costs (or amount of sponsorship for year one), must be dated within one year of submission, and must show funding in liquid accounts, such as savings, checking, money market accounts, or CDs. Student loans are also acceptable; we must have a statement from the bank confirming approval of the loan. Non-liquid funding such as stocks, bonds, auto/land deeds are not acceptable forms of financial support. Solvency and capability statements are not acceptable forms of financial support.

Declaration and Certification of Finances form Requirements: The sponsor must sign and print his/her name and relationship to the student, and the form must be dated within one year of submission. Signing this document verifies sponsorship for the full length and cost of the program. True signatures are required; typed signatures will not be accepted.

Letter of Sponsorship Requirements: You must obtain an official letter of sponsorship from the sponsor that includes a signature or stamp showing the authenticity of the letter. The letter must detail amounts and length of sponsorship, and be dated within one year of submission. If applicable, please also ensure that the letter of sponsorship indicates agreement to cover your accompanying dependent costs as well as your own.

School Funding Information: Financial assistance is available only for graduate students. Awards vary and may cover only part of the total estimated expenses. The combination of funds from University financial assistance and from personal and/or other resources must equal the total cost of attending your proposed program of study for one year. Personal or other funds must be verified as requested above.

Dependent Information: Married students who will be accompanied by spouses and/or children must certify additional financial resources to both the institution and to the U.S. embassy or consular office in order for dependent visas to be issued. The current estimated cost for accompanying dependents is as follows: for one dependent, \$7,300 per year; for two dependents, \$11,300 per year; and each additional dependent is \$2,000 per year. Costs are calculated per 12-month period. It is also highly advisable to purchase health insurance for accompanying dependents. The current approximate rate for a spouse or child is \$1,068 per year. If you are being sponsored by an agency or your employer, please ensure that the letter of sponsorship indicates agreement to cover your accompanying dependent costs as well as your own. Please note these rates are subject to change.

Contingency Fund: We strongly advise that you provide a contingency fund of \$3,000 for your initial expenses and potential increases in tuition and fees. The estimated expenses listed on page 2 are estimated and may increase between the time of admission and your first term of study. These expenses may also increase each year of your program. All tuition and fee rates are subject to change without notice.
