Overview of Fellowship Processing Application

The application:

- Is a new web-based appointment and waiver processing system

- Provides a new way to electronically initiate appointment/waiver request

- Provides an efficient way to release "Notification of Fellowship Appointment" (NOA) to students

# Overview of the Fellowship Processing Application

- Replaces manual entries on paper rating forms and wet signatures on notice of appointments (NOA).

- Replaces processes associated with courtesy, and standalone waivers

- Saves time by eliminating certain steps such as uploading and downloading individual completed forms

- Provides transparency of the status of the appointments from start to finish

Access to the Application

- The application is secured, therefore access request is reviewed and approved by AITS

- Currently, access to the application is requested by the Business and Fellowship Processing Staff

- Once access is granted, employee can use the same log in ID and password used to access any University application

- URL of the application is https://fellowship.admin.uillinois.edu

Once a form has been submitted it can no longer be edited without sending a request to the Graduate College to have the form returned.

If a student will have multiple fellowships in an academic term, it is strongly recommended that all forms be submitted at the same time. This will ensure the Graduate College has all relevant information before beginning the review process.
